## FINAL CALL FOR PAPERS

The 8th IAPR International Conference on Biometrics (ICB-2015), technically co-sponsored by both IAPR (Technical Committee on Biometrics - TC4) and IEEE (Biometrics Council), is the premier forum for the presentation of new advances and research results in the fields of biometrics. In the year 2015, we are proud to present this event in one of the most beautiful places and one of the most popular travel destinations in the world.

ICB-2015 is intended to have a broad scope. Topics of interest include, but are not limited to:

- **Biometric Technologies:** face, fingerprint, DNA, ear, hand, handwriting, gait, gesture, iris, ocular, handprint/footprint, vascular, voice, other modalities, multi-modalities, soft biometrics, and novel sensing technologies.
- **Biometric System Designs & Standards:** anti-spoofing, cancelable template and protection, encryption, large-scale identification and big data, mobile and remote biometrics, security and privacy, smart card, standardization, template selection and update.
- **Biometric Applications:** border and access control, civil registry, e-payment, forensics, law enforcement, health care, mobile and internet, social networking.
- **Biometric Evaluations:** aging effects, confidence interval estimation, databases, environment impacts, performance modeling and prediction, protocol and benchmarking, social impacts, and usability studies.

### PAPER SUBMISSION

- Prospective authors are invited to submit original/high quality papers. Submitted papers may not be accepted or under review else-where. All submissions must clearly articulate the novelty of the work and must report experimental results on publicly available datasets when possible. All submissions will be subjected to double blind review process. Submissions may be up to eight pages in conference format. Please visit conference web page <http://www.icb2015.org> for more details. Papers accepted and presented at ICB-2015 will be made available in *IEEE Xplore* library.
- The best papers presented at the conference will be included in the "*Best of ICB 2015*" *Special Issue on Elsevier Image and Vision Computing Journal*. For the journal publication, a new version of the manuscripts will be required including at least 30% newer material as compared to the conference version. For additional information, please visit conference website.

### CALL FOR COMPETITION PARTICIPANTS

ICB-2015 is supporting the organization of 6 competitions in fingerprint, finger vein, iris, retina, and keystroke. Databases and instructions are now available in the conference website.

### Important Dates:

- Paper Submission Due Date: **December 5, 2014**
- Industry Track Submission: **January 9, 2015**
  - Rebuttal Period: **February 6-12, 2015**
  - Notification to Authors: **February 23, 2015**
- Doctoral Consortium Application: **February 22, 2015**
  - Camera-ready Paper Submission: **March 20, 2015**
  - Decision for Doctoral Consortium: **March 9, 2015**
  - Conference Advance Registration: **March 15, 2015**
    - Tutorials: **May 19, 2015**
- Conference date: **May 19-22, 2015**
